

**JETPOWER, INC.™** PROTECTING THE WORLD'S MOST POWERFUL DRIVERS™

## GOLF HEADCOVERS

**JETPOWER, INC.™** is protecting the world's most powerful drivers. Jetpower, Inc. brings you the next generation of golf headcovers. The golf headcover designs are so unique; they all have been awarded a Patent by the United States Patent Office.

The exterior is constructed of sleek weather resistant PU leather with a polyester inner lining. The headcovers were designed to fit oversized drivers up to the USGA legal limit of 460CC. Models include the 4 engine jet plane, 2 engine jet plane, and the totally unique jet engine head cover. Colors include blue, black, and camouflage. Other models coming soon are a race car and a motorcycle gas tank head cover.

**JETPOWER, INC.™** headcovers can be imprinted with your company or club logo and name. They are the perfect item for the golfer who thinks he/she has everything. Additionally, they make an excellent premium promotional item or tournament favor.
